FÜLÖP PAUL

UNDERGRADUATE STUDENT

CONTACT

Contact details hidden in preview.

EDUCATION

- **High School Diploma** – CNLR Bistrița, 2020-2024
- **Bachelor's degree** – Faculty of Mathematics and Computer Science, Babeș-Bolyai University

CERTIFICATES

- **IT Competency Certificate** – 12th Grade, 2025
- **English Language Proficiency Certificate** – B2

LANGUAGE SKILLS

ENGLISH	B2
FRENCH	A2
ROMANIAN	Native

SOFT SKILLS

- **Strong problem-solving abilities.**
- **Adaptable to new challenges and environments.**
- **Critical and analytical thinking.**
- **Effective communication skills.**
- **Team-oriented and collaborative mindset.**
- **Strong sense of discipline.**
- **Motivated in achieving my goals.**

PROGRAMMING LANGUAGES

- C++, C, C#, Java, Python

OTHER KNOWN DOMAINS

- Software Engineering Principles, Data Structures & Algorithms, Object-Oriented Programming, SQL & Data Manipulation

TOOLS

- React, Qt Creator, .NET Framework, SQL Server / SSMS

SELECTED PERSONAL PROJECTS

• **Eco Rewards** (React Native, Node.js, Firebase) – Award-winning hackathon project; mobile app enabling users to donate used clothing to partner stores and assess clothing quality using AI-powered image analysis. GitHub↗

• **Chess** (C#, .NET Framework) – Developed a simple chess game with polished UI and sound effects, inspired by Lichess. GitHub↗

• **Obstruction** (Python) – Developed a polished UI version of the obstruction game, featuring an AI that strategically blocks all player moves. GitHub↗

• **Toy Language Interpreter** (Java, javafx) – Developed a simple interpreter for a toy programming language, including a GUI that demonstrates its execution, using the MVC architectural pattern. GitHub↗

WORKSHOPS, CAMPS AND COMPETITIONS

- **Hermes Hackathon: Future in Motion** – November 2025
  - Built teamwork, communication, and time-management skills while working in a high-pressure competition environment.
- **C# Development Camp** – April 2023
  - Built Windows Forms applications in C#.
  - Improved understanding of OOP principles and UI design.
- **Regional C# Programming Competition** – April 2023 & April 2024
  - Participated in regional coding competitions organized by the "Nouă ne pasă" program.
  - Tackled algorithmic challenges and developed software solutions under time constraints.
